Summary Description

MAJOR INVESTMENT OPPORTUNITY - Oil and Gas Mineral Rights Assets/ Interests. Pennsylvania / Bradford Oil Field and Marcellus Shale Gas. Shallow oil and gas, much left with 50% still available as virgin. Excellent deep gas potential! Large acreage available! Assets include, assorted shallow and deep holdings and rights, royalties, leaseholds, wells & equipment, water and other rights. Company seeks qualified buyers, in the medium-to-large range size or a serious mineral investors for acquiring its Mineral Rights Assets in Allegany County New York State. Corporation owns approximately 2000 acres of different oil and gas interests. Over 320 shallow oil and gas wells on the interests are available for operation or rework for further production or other use, along with deep rights. Much of the undeveloped areas have substantial reserves for future drilling for primary production, enabling a long-term potential for profitability.

General Information

Facilities: Corporation owns approximately 2000 acres of different oil and gas interests, in Upstate New York.

Growth and Expansion: Inventory and analysis of the oil and gas resources of Allegany & Cattaraugus Counties, New York by reputable geologists is estimated that the barrels of oil per acre in reserve would be 12,000 or more per acre, in areas that had thick and productive pay-sands, such as in the areas of the interests being sold. Most of the interests being sold by the Company are within the mentioned areas (pools) for good oil production. One is even in an area of higher potential producing oil from one well with much more land for further drilling.
